The overall plan

Please use the space below to make comments on this part of the Plan.

The ENP group has done an excellent job diligently following the process in spite of many changes to the ground rules.

It is wrong that the development site allocations were all made by WODC, the EPC group should have been able to add/remove sites.

What they were able to introduce, the proposed Local Green Spaces, are very important, and WODC should recognise these sites in the draft Local Plan

What effect will the reduced housing figures have? An opportunity to align Local Plan with the EPC plan?

Please use a separate form for each representation.

Please state whether you would like to be notified of the Council's decision on the Neighbourhood Development Plan Proposal:
