Introduction

The Council has the responsibility to regulate and control all operators, drivers and vehicles used for carrying passengers for hire and reward within the West Oxfordshire District under the provisions of the Town Police Clauses Act 1847 and the Local Government (Miscellaneous Provisions) Act 1976.

This document includes West Oxfordshire District Council’s Policy and Conditions with regard to Hackney Carriage (Taxis) and Private Hire licensing and will provide guidance to applicants, interested parties, Officers and Members on the approach the Council will take on Hackney Carriage and Private Hire licensing matters. Additionally, this document provides guidance on legislation and other issues that have an impact on Hackney Carriage and Private Hire licensing.

For the purposes of this document, Hackney Carriage vehicles will be referred to as Hackney Carriages.

Objectives

In setting out its Policy, the Council seeks to promote the following objectives:-

a) Safety and health of drivers and the public;
b) Vehicle safety, comfort and access;
c) To prevent crime and disorder and protect the public.

Future Amendments to Policy and Conditions

All licences are granted subject to compliance with the Policies and Conditions contained within this document.

This document was approved by the Planning and Licensing Committee on 13 March 2018 and came into force on 1 April 2018.

This document may be amended and republished from time to time to take account of changes in legislation and minor amendments. However, any such changes or amendments that have significant impact on the Policies and Conditions in this document shall first be considered by the Planning and Licensing Committee for approval. Matters that would be considered significant include those that could have a financial or negative impact on licence holders or new applicants or that affect the convenience, safety or comfort of passengers.

General Differences between Hackney Carriages and Private Hire

There are two types of vehicle that carry fare paying passengers that are licensed by West Oxfordshire District Council.
Hackney Carriages

- Can be flagged down and use designated ranks
- Can be pre-booked
- Hackney Carriages must have a meter and the maximum tariff (fare) is set by the Council.
- Hackney Carriages must display a roof sign (door stickers will no longer be required and will no longer be issued from 1 April 2018). All Hackney Carriage vehicles must have a roof sign by 1 April 2019

Private Hire

- Must be booked in advance of a journey.
- The booking must be made through a licensed Private Hire operator
- The fare is agreed in advance between the operator and the customer

Maximum Number of Passengers

The maximum number of passengers that a Hackney Carriage or Private Hire vehicle can be licensed to carry is 8.

Any vehicles used for hire and reward that carry more than 8 passengers must be licensed by the traffic commissioners as a public service vehicle [https://www.gov.uk/psv-operator-licences/overview](https://www.gov.uk/psv-operator-licences/overview)

Licences issued by West Oxfordshire District Council

2. Private Hire Drivers Licence

Hackney Carriage and Private Hire Drivers

I. Hackney Carriage and Private Hire Driver (Dual Driver) - Application Requirements

The following apply to Dual Driver Licences and Private Hire Driver Licences.

The dual driver licence permits you to drive both Hackney Carriages and Private Hire vehicles. The Private Hire driver licence permits you to drive a Private Hire vehicle only.

1.1 New Application

You must have held a full valid driving licence for at least 12 months authorising you to drive a motor car in the UK.

You must be 18 years of age or over.

An application cannot be granted unless the Council is satisfied that you are a ‘fit and proper person’ to hold a Hackney Carriage or Private Hire driver licence. There is no judicially approved test, however, when determining whether a driver is ‘fit and proper’, the Council will consider, amongst other things, the applicant’s relevant skills, knowledge, experience, qualifications, conduct, medical fitness, criminal record and any previous history as a licence holder.

If you have criminal convictions you may wish to wait until the Council has considered your criminal conviction and DVLA conviction history before undertaking the medical or driver assessment as any fees incurred will not be refunded should the Council decide that you are not a ‘fit and proper person’ in relation to offences.

You are required to notify the Council of any convictions, cautions, fixed penalties received or any court cases pending during the application period (i.e. the time between the application being submitted and the licence being granted).

To make a new application you must submit the following (for information on how to obtain these please visit the driver application section of the website):

- Application form
- Application fee
- Passport size photograph, recently taken and clearly showing your full face uncovered, without sunglasses or hat
- Valid DVLA driving licence, authorising you to drive a motor car in the UK, showing your current home address
- DVLA check code
- Disclosure and Barring Service (DBS) Enhanced Criminal Convictions Certificate which is not more than 1 month old at time of application, or if you are registered with the DBS, provide the relevant information to allow Officers to make an on-line enhanced check of your current criminal record. If you are unable to provide either of the above you can make an application for a DBS Certificate through the Council. You will need to complete a DBS Enhanced Criminal Record application form, provide 3 forms of appropriate identity documentation and pay the relevant fee.
If your application is delayed you may be required to obtain a new DBS disclosure certificate if the date of the original certificate is more than 6 months old at the time of making a decision whether to grant the licence. Convictions (whether spent or unspent) must be disclosed on your application form. Please see our convictions policy in Annex 2 for further details.

- **Satisfactory Group 2 medical certificate** completed by your own General Practitioner or a medical practitioner that has access to your medical records. A medical certificate will not be accepted if it is dated more than 4 months prior to submitting the application. All costs associated with the medical certificate are met by the applicant and paid direct to the medical practitioner.

- **Evidence of successful completion of a Driving Assessment** through one of the Council’s approved assessors. Assessment Certificates will not be accepted that are over 12 months old.

- **Evidence of successfully passing a Safeguarding Training Course** as specified by West Oxfordshire District Council.

- **Evidence that you have passed a knowledge test**. The knowledge test is an examination held at the Council Offices. Please see Annex 3 for details about the Knowledge Test.

- **A right to work check under the Immigration Act 2016 will be carried out before your licence is issued**. This will be at the knowledge test

### Additional Application Requirements for Foreign Nationals and Persons That Have Resided Outside of England, Wales and Republic of Ireland

The Council must be satisfied that you are a ‘fit and proper person’. The DBS Criminal Record Check covers England, Wales and Republic of Ireland. The Council needs to take account of any offences committed outside these countries. If you are a foreign national or are a person who has resided outside of England, Wales and The Republic of Ireland, you must provide the following:

- DBS Enhanced Criminal Record Disclosure Certificate as detailed in new application requirements (unless you have only just arrived in this country). The DBS Enhanced Criminal Record Disclosure will show any convictions that have been committed in the UK.

- Criminal record check from all countries outside of England, Wales and The Republic of Ireland you have resided in from the age of 18 or, if those countries do not produce such information, a certificate of good conduct from the Embassy or Legation from all countries outside the UK that you have resided in from the age of 18. This certificate must be an original and, if in a foreign language, must be accompanied by an original certified translation from a sworn translator. Any costs involved in such certificates and translations must be paid by you.

- Driving Licence that permits you to drive in the UK for vocational purposes (driving as a job). If you hold an EC/EEA driving licence the Council will normally expect you to convert this to a GB driving licence prior to making your application.

- If your first language is not English you must have an adequate standard of spoken and written English and you may be required to pass an English proficiency test to demonstrate this. If the Licensing Officer has concerns, the applicant will be referred to the Licensing Sub-Committee to determine the application.

### 1.2 Renewal Application

A renewal application must be completed prior to the expiry date of your current Hackney Carriage and/or Private Hire driver licence. If you do not renew your licence before your licence expires you will become unlicensed. Any application received after expiry will be treated as a
new application and all the requirements and fees of a new application will apply. **It is your responsibility to make sure you renew your licence.** To enable the service to process your application in time, it is advisable to submit this application at least 7 days prior to expiry.

You have the option of applying for a 1 year or 3 year licence.

To make a renewal application you must submit:

- Renewal application form
- Fee
- Valid DVLA driving licence authorising you to drive a motor car in the UK showing your current home address
- DVLA check code

Renewals will not be processed if there are any DBS and medicals certificates outstanding.
2. Hackney Carriage & Private Hire Drivers (Dual Driver)-West Oxfordshire District Council Policy

2.1 Duration of Licence

The Licence shall remain in force for a period of 3 years. The Council retains the right to only issue a licence for 1 year duration if appropriate.

2.2 Medical Criteria

You must provide a satisfactory Group 2 medical certificate completed by your own General Practitioner or a medical practitioner that has access to your medical records at the following times:

- On application
- Every five years between the ages of 45 – 65 years
- Every year from the age of 65

All costs associated with the medical certificate are met by the applicant.

A recent satisfactory Group 2 medical examination for a PCV or HGV may be acceptable as an appropriate medical. This is, however, at the discretion of the Licensing Officer and you must be able to provide sufficient evidence that the medical was completed by your own General Practitioner or a medical practitioner that has access to your medical records and the DVLA have determined you are fit to drive a PCV/HGV. This certificate must be no more than 4 months old.

The Group 2 standard precludes the licensing of drivers with insulin treated diabetes. However, exceptional arrangements do exist for drivers with insulin treated diabetes, who can meet a series of ‘medical criteria’ to obtain a licence to drive category C1 vehicles. The Council will apply those standards.

You must notify the Council immediately if you develop any health or medical issues that may affect your fitness as a driver. The Council may require you to produce medical evidence of continuing fitness to drive during the period of the licence.

The applicant will receive up to 3 reminders prior to the expiry of their medical. Reminder letters are sent via the post and generated at the beginning of the month which means that applicants will receive their first reminder between eight & twelve weeks prior to its expiry and further reminders at the beginning of each consecutive month until it’s expiry. If a satisfactory medical is not received by the expiry date, the licence will be suspended the following working day.

2.3 Requirement to return Driver Badge

If you no longer intend to be a Hackney Carriage or Private Hire driver, or your badge is suspended or revoked, you must return your licence and badges to the Council within 7 days.

2.4 Notification of Changes

If you move house or change your name, or if any other details included on the application form change, you must write and let the Council know within 7 days. If you cease to work for a
Hackney Carriage proprietor or Private Hire operator or change to work for another Hackney Carriage proprietor or Private Hire operator you must write and let the Council know within 7 days.

2.5 Convictions, Cautions and Fixed Penalties

If you get any convictions, cautions, fixed penalties or have a court case pending, you must write (or email) and let the Council know within 7 working days. If you are arrested you should let the Council know within 3 working days.

2.5 DBS Check (Disclosure and Barring Service) criminal history

It is a requirement as a licensed driver to have a satisfactory criminal check (DBS) in place at all times.

The applicant will receive up to 3 reminders prior to the expiry of their DBS. Reminder letters are sent via the post and generated at the beginning of the month which means that applicants will receive their first reminder between eight & twelve weeks prior to its expiry and further reminders at the beginning of each consecutive month until it’s expiry. If a satisfactory DBS is not received by the expiry date, the licence will be suspended the following working day.

It is mandatory from 1 April 2017 for all licence holders to sign up to the Online Update Service with the DBS so that the check remains active. A reference number must be provided to licensing to record on file. Please see the DBS website for further details. If the licence holder fails to sign up to this service on renewal of their DBS (or issue for new applicants), the licence will be suspended.

For existing licence holders, the mandatory requirement must be complied with by 31 December 2020. Failure to do so will result in suspension of your driver licence.

When the new DBS has been submitted, if there are previous convictions/cautions that have already been considered, no further action will be taken. If there are convictions/cautions that have been imposed since the last DBS that have not been declared by the licence holder, the licence will be suspended with immediate effect until a Licensing Sub-Committee can be held to determine the licence.

2.6 Code of Conduct

While working as a Hackney Carriage or Private Hire driver, you shall act in accordance with the following:

- Display your driver badge where it is easily visible
- Have a clean and tidy appearance in accordance with the Dress Code
- Behave in a polite and courteous manner
- Take reasonable precautions to ensure the comfort and safety of passengers at all times
- Attend punctually at the appointed time and place when hired
- If requested offer reasonable assistance with the loading and unloading of bags and luggage
- Offer reasonable assistance to passengers with a disability when they are getting in and out of the vehicle and, if appropriate, to and from their starting point or destination
- Unless otherwise directed by the hirer, should proceed to the destination by the shortest or most economical route
• Not eat or drink in the vehicle whilst working as a Hackney Carriage or Private Hire vehicle
• Comply with a passenger’s request not to play any radio or other sound producing equipment in the vehicle other than for the purpose of sending or receiving messages in connection with the operation of the vehicle
• Not play any radio or other sound producing equipment in the vehicle so loud that it causes a noise nuisance to anyone inside or outside the Hackney Carriage or Private Hire vehicle
• Not carry animals in the vehicle whilst working as a Hackney Carriage or Private Hire diver except those carried in connection with the hiring of the vehicle. The driver has the discretion to decide whether he/she wants to take an animal belonging to a passenger in the vehicle, however, that animal may only be carried in the rear of the vehicle
• Must carry a customer’s guide, hearing or assistance dog unless the driver holds an exemption on medical grounds
• Shall ensure that the vehicle is clean, tidy and free of rubbish and unnecessary personal belongings whilst being used to carry passengers
• Shall ensure that they comply with the Intended Use Policy at all times (see Annex 4)

2.7 Dress Code

The purpose of West Oxfordshire District Council’s driver dress code is to seek a standard of dress that portrays a positive image of the district; to enhance a professional image of the drivers licensed by the Council and to ensure that public and driver safety is not compromised. The Council expects all licensed drivers to be dressed in an appropriate manner whilst working as a Hackney Carriage or Private Hire driver.

Unacceptable standards of dress include:

• Dirty and ripped clothing
• Words or graphics on any clothing that is of an offensive or suggestive nature
• Beachwear
• Outdoor footwear for all drivers must be suitable. Flip flops and forms of footwear which are not secured around the heel are deemed unacceptable.

2.8 Lost Property

When a passenger is leaving your vehicle, you should check to make sure that no property has been left behind.

If a passenger does leave something in your vehicle you should take it to a local Police Station and get a receipt for it from the duty officer.

2.9 Safeguarding

There are well-publicised issues relating to child sexual exploitation and human trafficking that have occurred throughout the country. These are abhorrent crimes and the Hackney Carriage and Private Hire trade have a role to play in tackling this issue by acting as the ‘eyes and ears’ of the community to help identify and help those who are vulnerable or being exploited.

West Oxfordshire District Council is committed to working with all Oxfordshire District and
City Councils and Oxfordshire Safeguarding Children Board to ensure that there is a training programme available that all licensed drivers and new applicants must complete. This training is mandatory for all drivers.

If you have concerns with regards to safeguarding issues, please follow the following reporting procedures for Oxfordshire:

| To report specific concerns about the abuse or neglect of an adult, call Social and Health Care on (0845) 050 7666 |
| If you are worried that your manager or any other professional (e.g teacher) may be abusing a child, call the Local Authority Designated Officer for Child Protection (LADO) on (01865) 810603 |
| If you are concerned that a child may be being abused by someone other than your manager or another professional (e.g parent). Please contact the Multi-Agency Safeguarding Hub (MASH) on (0845) 0507666 |
| To discuss general safeguarding concerns for the particular attention of the Transport hub (School Contracts) call Transport Quality Monitoring Team on (01865) 323500 or email qmcc@oxfordshire.gov.uk |
| If there is an urgent risk call 999 immediately |

2.10 Information Sharing
West Oxfordshire District Council will share information on drivers (applicants and existing licence holders) with neighbouring Oxfordshire Councils which may impact on public safety. In addition to this, West Oxfordshire District Council will also be an active member of the National Anti-Fraud Network (NAFN) Refusals and Revocations Register and share information regarding refused and revoked driver licences on this register.

2.11 English Test – Drivers of licensed vehicles have to be able to communicate with their passengers, be able to understand instructions and requests and also be able to respond appropriately. It is therefore essential that drivers have a good understanding and command of the English language which is the predominant language used in the West Oxfordshire District. If there are substantiated concerns, either at application or whilst licensed with us, the individual will be referred to the Licensing Sub-Committee.
3. Hackney Carriage & Private Hire Drivers (Dual Driver) - Requirements under Legislation

3.1 Equality Act 2010

The Equality Act 2010 makes it unlawful to discriminate, either directly or indirectly, against members of the public on the grounds of disability, gender reassignment, pregnancy and maternity, race, sex, sexual orientation, religion or belief.

3.2 Wheelchair Users

Under the Equality Act 2010, from 6 April 2017, drivers of Hackney Carriage and Private Hire vehicles designated by the local licensing authority as being wheelchair accessible must comply with the requirements of Section 165 of the Equality Act 2010, unless they have been issued with an exemption certificate.

Drivers must:
- carry the passenger while in a wheelchair
- not make any additional charge for doing so
- if the passenger chooses to sit in a passenger seat, to carry the wheelchair
- take such steps as are necessary to ensure that the passenger is carried in safety and reasonable comfort; and
- give the passenger such mobility assistance as is reasonably required

Section 166 allows us to exempt drivers from the duties to assist passengers in wheelchairs if it is appropriate to do so on medical grounds or because the driver’s physical condition makes it impossible or unreasonably difficult for him or her to comply with the duties.

The licensing authority will also maintain a list of designated wheelchair accessible vehicles on its website.

3.3 Disability and Equality Awareness Training

Where available, this training will be mandatory for all existing licensed drivers and new applicants.

3.4 Assistance Dogs

Under the Equality Act 2010, licensed drivers of Hackney Carriages and Private Hire vehicles are under a duty to carry passengers with guide, hearing and other assistance dogs without additional charge. When carrying such passengers, drivers have a duty to

   a) Convey the disabled passenger’s dog and allow it to remain under the physical control of the owner; and
b) Not to make any additional charge for doing so

It is best practice to ask the passenger where they want themselves and their dog to sit in the vehicle.

Under the Equality Act 2010, it is an offence for any operator or driver to refuse to carry assistance dogs or to charge more for the fare or booking. On conviction for such an offence, drivers can be fined up to £1,000 and have their licence removed.

To ensure that the Equality Act 2010 is upheld, West Oxfordshire District Council will have a zero tolerance policy to access refusals and will investigate all reported violations of the Act with a view to pursuing a conviction.

Drivers who have a certifiable medical condition which is aggravated by exposure to dogs may apply to the Council for exemption from the duty on medical grounds. The Council will only issue an exemption certificate when it is authorised by the driver’s GP and is accompanied by medical evidence, for example a blood test, a skin prick test or clinical history. The notice of exemption must be exhibited in the vehicle by fixing it in an easily accessible place, for example on the windscreen or in a prominent position on the dashboard.

### 3.5 Smoke Free Legislation

Under the Health Act 2006, Hackney Carriage and Private Hire vehicles are smoke free vehicles by law. This means that neither the driver nor the passengers are able to smoke in the vehicle at any time. Even if you are driving a licensed vehicle without passengers you will be committing an offence if you smoke in the vehicle.

Vaping and electronic cigarettes are also prohibited in licensed Hackney Carriage or Private Hire vehicles.

### 3.6 Immigration Act 2016

Any person who does not have the right to work in the UK is disqualified from holding a Hackney Carriage or Private Hire driver licence. The Council will need to see documentation to check that an applicant is not disqualified for reason of their immigration status.

5. Hackney Carriage and Private Hire vehicles - West Oxfordshire District Council Policy

5.1 Vehicles

The vehicle shall be of a suitable size, type and design to be safe and comfortable for passengers.

The vehicle must be right hand drive.
Normally vehicles should be four door saloons; five door estates, multi purpose vehicles (people carriers), minibus or purpose built Hackney Carriages.

The vehicle must be constructed and the doors open sufficiently wide as to allow easy access in to and egress from the vehicle and cause no inconvenience to passengers.

A minibus, or similar type of vehicle, in addition to the driver’s door, must have at least two other doors that provide adequate entry/egress to the vehicle for use by passengers. These doors must permit easy access for passengers entering and exiting the vehicle and be readily opened from inside the vehicle. They may consist of:

- Either two sliding doors, one to either side of the vehicle, or
- A door on the ‘near side’ of the vehicle and a door at the rear of the vehicle

The vehicle licence holder shall ensure that the vehicle and all fittings and seating are efficient, safe, tidy and clean.

The outside of the vehicle will be free from dents, rust or unrepaired accident damage and with even paintwork matching that applied by the manufacturer. This includes alloy wheels, hub caps and wheel trims.

The inside of the vehicle will be free of all visible stains, splits, and tears unless satisfactorily repaired or covered neatly. All carpets and mats will be fitted so as to not be a trip hazard.

**A vehicle must not be structurally damaged or have been an insurance write-off, except where repaired and certified to the Council’s satisfaction.**

### 5.2 Age policy for vehicles

A new application for a Hackney Carriage or Private Hire vehicle licence will be refused if a vehicle is more than 5 years old from date of first registration.

An application to change the vehicle licensed as a Hackney Carriage or Private Hire vehicle will be refused if a vehicle is more than 5 years old from date of first registration.

An application to renew a Hackney Carriage or Private Hire vehicle will be refused if the vehicle is more than 15 years old from date of first registration. Existing vehicles will be permitted a 2 year period from the implementation of this policy to adhere to this requirement (1 April 2020).

Wheelchair accessible vehicles will be exempt from the above policy.

Licensing Officers have the discretion to licence a vehicle that does not meet the above age policy in the case of elite vehicles such as purpose built Hackney Carriage cab, Rolls Royce or similar provided the vehicle is in excellent condition. Any such requests for licensing a vehicle should be made in writing by email.

Existing licence holders that have a vehicle over 15 years old at the time this policy is adopted will have a 2 year period to replace it with a vehicle that meets the age policy. After the 2 year period any renewal application for a vehicle that does not meet the age policy will be refused.

### 5.3 Converted Vehicles (including wheelchair accessible)
A vehicle that has been converted since manufacture, for example, many wheelchair accessible vehicles, must provide one of the following M1 approvals following conversion:

- European Whole Vehicle Type approval (ECWVTA)
- UK Low volume approval (UKLVTA)
- UK Individual Vehicle Approval (IVA)
- Certificate of Initial Fitness (COIF)
- UK Voluntary Standard Individual Vehicle Approval

Vehicles converted from vans which have a type approval other than M1 will not be acceptable unless they are presented with approved M1 certification for the resultant vehicle.

Please note that to achieve Voluntary Standard Individual Vehicle Approval VOSA are likely to require valid certification that all alterations such as seat fitting and tracking are M1 compliant. There is information about voluntary approvals on the Government’s website, [https://www.gov.uk/vehicle-approval/voluntary-approval](https://www.gov.uk/vehicle-approval/voluntary-approval)

Where a wheelchair accessible vehicle has been converted by a bona fide converter, and the vehicle has then been registered with DVLA after conversion, the Council will accept that this vehicle will have passed appropriate approval in order to be registered and so the vehicle will be accepted for licensing without need for further documentation unless it appears that further conversions have been made to the vehicle following registration.

For vehicles that have been converted and currently licensed with West Oxfordshire District Council, an IVA will be required by 1 April 2020.

5.4 Wheelchair Accessible Vehicles

Where a vehicle is utilised for the carriage of passengers in a wheelchair, the following conditions shall apply:

Any such equipment must be maintained in good working order and be available for use at all times

5.5 Stretched Limousines

**Hackney Carriages**

Stretched Limousines are not permitted to be licensed as Hackney Carriage vehicles.
**Private Hire vehicles**

Stretched limousines are permitted to be licensed as Private Hire vehicles.

The vehicle may be left or right hand drive.

The vehicle will be licensed to carry no more than 8 passengers.

All limousines must have a UK single vehicle approval certificate issued by VOSA.

Any proprietor who wishes to license an American Stretched Limousine will need to prove the vehicle has been converted by an approved converter under the Ford, Quality Vehicle Modifier (QVM) programme or on the Cadillac, Cadillac Master Coachbuilders (CMC) programme. It is the responsibility of the proprietor to provide the evidence to support this.

Where any vehicle is ‘stretched’ within the European Union the proprietor must produce the appropriate ‘Low Volume’ or ‘European Whole Vehicle Type Approval’ certification identifying the converting company.

Each Private Hire Licensed Stretched Limousine shall be required to produce a new MOT certificate every 6 months. The MOT test should be carried out by a VOSA registered MOT testing station with facilities to accommodate such vehicles.

6. **Hackney Carriage and Private Hire vehicles - West Oxfordshire District Council Conditions**

These conditions are attached to all Hackney Carriage and Private Hire vehicle licences issued by West Oxfordshire District Council.

6.1 **Vehicle Testing**

All vehicles over 5 years old will be subject to obtaining a satisfactory MOT certificate every 6
It will be the licence holder’s responsibility to ensure that this certificate is submitted to licensing in a timely manner.

6.3 Roof Signs

The design of the roof sign shall be approved by the Council. The following may be incorporated in the roof sign:

- the trade name or name of the proprietor;
- the telephone number, email address and/or website of the proprietor;
- the words ‘For Hire’ which are only illuminated when the licensed Hackney Carriage is available for hire;

The roof sign may be of any colour except blue, but must conform to national legislation and Road Vehicle Lighting Regulations in respect of the display of lights to the front and rear of any vehicle.

Any exceptions to this rule must be submitted to the Licensing Officer for consideration.

The displaying of signs on or above the roof of a Private Hire vehicle is permitted but can only consist of the company name, telephone number and must state pre-booking only. The words ‘taxi’, ‘cab’ or ‘Hackney Carriage’ are strictly prohibited.

6.6 CCTV

CCTV in vehicles is not currently a requirement.

If the licence holder chooses to install CCTV, they must be registered with the ICO.

CCTV systems must be operated in accordance with data protection legislation.

Any vehicle with CCTV that records inside the vehicle must display a sign advising passengers that a CCTV system is in operation in the vehicle.

Audio recording CCTV systems must not be used to record conversations between members of the public as this is highly intrusive and unlikely to be justified except in very exceptional circumstances. You must choose a system without this facility wherever possible; however, if the system comes equipped with a sound recording facility then this functionality should be disabled. There are limited circumstances in which audio recording may be justified due to a specific threat to an individual’s personal safety, e.g. when a ‘panic button’ is utilised in response to a threat of physical violence. Where this audio recording facility is utilised a reset function must be installed which automatically disables audio recording and returns the system to normal default operation after a specified time period has elapsed. The time period that audio recording may be active should be the minimum possible and should be declared at the time of submission for approval of the equipment. In the limited circumstance where audio recording is justified, signs must make it very clear that audio recording is being or may be carried out.

Further information on CCTV and data protection can be found on the Information Commissioners’ website at https://ico.org.uk

6.7 Tinted Windows

Vehicles will not be accepted that have tinted film on the windows. However factory fitted tinted windows are permitted.

However, if installed, it must have a sign attached stating that ‘This is a Private Hire vehicle’ and clearly display the tariff to which the meter is set. The tariff set should not exceed the authorised tariff for Hackney Carriages set by the Council. A meter certificate certifying the meter has been calibrated accurately must be provided when the meter is installed, changed or moved to another vehicle.

### 6.11 Fares

**Hackney Carriages**

For a journey that wholly takes place within the controlled district the meter shall be running at no higher than the prescribed rate and the fare charged shall be the fare showing on the meter unless a fare is agreed with the passenger(s) prior to the commencement of the journey. Such an agreed fare shall not exceed the prescribed rate.

An operator may only make use of drivers and vehicles licensed by the same Council that has issued the operator’s licence.

11.2 Sub-Contracting

11.4 Smoke Free Legislation

Private Hire vehicles and Hackney Carriages are ‘Smoke Free’ vehicles which means that no one can smoke in these vehicles at any time and the appropriate signage must be displayed.

Annex 1

Policy on Convictions for Hackney Carriage and Private Hire Vehicles Drivers

Guidelines relating to the relevance of convictions

General Policy
1. Each case will be decided on its own merits.

The overriding consideration must be the safety of the public. The council has a duty to ensure so far as is possible that persons licensed to drive Hackney Carriage and Private Hire vehicles are fit and proper persons to do so.

This policy is merely a guide and the Sub-Committee can choose to determine contrarily to this document if there are good reasons to do so.

2. A person with a current conviction for serious crime need not be permanently barred from obtaining a licence but should be expected to remain:

   (a) Free of convictions for an appropriate period, and

   (b) Show evidence of good character from the time of the conviction. Simply remaining free of conviction does not necessarily provide sufficient evidence of good character.

Where an applicant was imprisoned for offences, they must demonstrate that they have been free of convictions and provide evidence of good character subsequent to their release from imprisonment.

Discretion would be appropriate where an offence is an isolated one and there are mitigating circumstances. Multiple offences or a series of offences over a period of time would give greater cause for concern and may give indications of a pattern of criminal behaviour which would need to be taken into account.

3. Under the Rehabilitation of Offenders Act 1974, offences by Hackney Carriage or Private Hire drivers are never ‘spent’. The Licensing Officer will determine whether there is a risk to public safety based on the nature of the offence and the history of reoffending. If the Licensing Officer deems that there is a risk to public safety then the application will be determined by the Licensing Sub-Committee.

4. The following examples afford a general guide on the action to be taken where convictions are disclosed:

   a) **Minor Traffic Offences**

   Isolated convictions for minor traffic offences, e.g. obstruction, waiting in a restricted street, etc., should not prevent a person from proceeding with an application. However the number, type and frequency of the type of offence should be taken into account. If sufficient points have been accrued to require a period of disqualification of the applicant’s driving licence then a Hackney Carriage or Private Hire Drivers Licence may be granted after its restoration but a warning should be issued as to future conduct.

   b) **Major Traffic Offences**

   An isolated conviction for a major traffic offence should normally merit a warning as to future driving and advice on the standard expected of Hackney Carriage and Private Hire vehicle drivers. More than one conviction for this type of offence within the last two years should merit refusal and no further application should be considered until a period of 1 to 3 years free from convictions has elapsed.
(A list of those offences considered as major is attached).

(c) Drunkenness

(i) With Motor Vehicle

A serious view should be taken of convictions of driving or being in charge of a vehicle while under the influence of drink.

More than one conviction for this type of offence should raise grave doubts as to the applicants’ fitness to hold a licence and, where disqualification has occurred, at least 3 years from the date of restoration of the drivers licence should have elapsed before the application is considered.

If there is any suggestion that the applicant is an alcoholic a special medical examination should be arranged and if the applicant is found to be an alcoholic there should be a period of at least 5 years from the completion of detoxification treatment before an application is entertained.

(ii) Not in Motor Vehicle

An isolated conviction for drunkenness need not debar an applicant from gaining a licence. However, a number of convictions for drunkenness could indicate a medical problem necessitating critical examination (see above). In some cases, a warning may be sufficient.

(d) Drugs

An applicant with a conviction for a drug related offence should be required to show a period of at least 3 years free of convictions before an application is entertained, or 5 years after detoxification treatment if he/she was an addict.

(e) Sexual, Indecency and Child Protection Offences

A licence will not be granted to an applicant currently on the sex offenders’ register.

Drivers of Hackney Carriage and Private Hire vehicle are often entrusted with the care of children, young persons and vulnerable adults. Therefore where there is a conviction for a sexual offence that involves a child, young person or vulnerable adult, an application for a licence will be refused.

Applicants with a conviction for rape, indecent assault, or other similar offences or similar offences under the Sexual Offences Act 2003, will be refused a licence.

Applicants with a conviction relating to sexual offences such as soliciting, importuning, indecent exposure or other similar offences or similar offences under the Sexual Offences Act 2003, will normally be refused a licence until they can show a period of at least 10 years free from any such conviction. If there is more than one such offence an application for a licence will be refused.

(f) Violence

As Hackney Carriage and Private Hire vehicle drivers maintain close contact with the public a firm line should be taken with applicants who have convictions for grievous bodily harm, wounding or assault. Depending on the seriousness of the offence at least 3 years free of such convictions should be shown before an application is entertained and even then a strict warning should be administered.
(g) Dishonesty

Hackney Carriage drivers and Private Hire vehicle drivers are expected to be persons of trust. The widespread practice of delivering unaccompanied property is indicative of the trust that business people place in drivers. Moreover, it is comparatively easy for a dishonest driver to defraud the public by demanding more than the legal fare etc. Overseas visitors can be confused by the change in currency and become “fair game” for an unscrupulous driver. For these reasons a serious view should be taken of any conviction involving dishonesty. In general, a period of 3 to 5 years free of conviction should be required before entertaining an application.

(h) Licensing Offences

Any contravention of licensing laws or conditions, irrespective of whether or not these are related to Hackney Carriage or Private Hire licensing, are important as they suggest a disregard of the importance of those requirements. Depending on the nature and seriousness of the offence 1 to 3 years should have elapsed following conviction before an application is entertained. Further information regarding licensing offences whilst a licence holder, can be found in our enforcement policy (Annex 2).

(i) Offences of Discrimination

Offences of discrimination are a serious concern to all as they represent unacceptable treatment of certain sections of our society. A conviction for this type of offence should be taken extremely seriously. Each case would need to be assessed on an individual basis and although the applicant may not be debarred from receiving a licence a strict warning should always be given. On considering any case care should be taken before issuing a licence to assess if the applicant is deemed to be a ‘fit and proper person’ to hold a licence.

(j) Other Miscellaneous Offences

These could include local authority offences, bye law offences, nuisance offences etc. which although may not be directly relevant to Hackney Carriage and Private Hire licensing would demonstrate a feckless or irresponsible attitude and should not be discounted lightly. Each case would need to be assessed on an individual basis and although they may not necessarily debar an applicant from receiving a licence a strict warning should be given.

(k) Spent Convictions

The Council will only consider spent convictions if it appears to be relevant for deciding whether the applicant is a fit and proper person to hold a licence and that full consideration for determining the application cannot be given except by admitting or requiring evidence relating to that spent conviction.

(l) Cautions and Endorsable Fixed Penalties

For the purposes of these guidelines formal cautions and endorsable fixed penalties shall be treated as though they were convictions.

Enforcement and Complaints – With Effect from 1 April 2018

Enforcement

West Oxfordshire District Council takes a risk based proportionate, targeted and flexible approach to inspection and enforcement and where appropriate will work with external agencies such as the Police.

When a potential breach or offence is identified Licensing Officers will investigate the matter.
If it is in relation to a licensed vehicle the licence holder may be requested to bring the vehicle to West Oxfordshire District Council Offices for inspection by a Licensing Officer or to take the vehicle to an MOT approved garage for a full inspection.

If it is in relation to a licensed driver or operator the licence holder may be requested to attend an interview at West Oxfordshire District Council Offices. If the licence holder is suspected of a criminal offence or an offence under Hackney Carriage law the interview may be carried out under caution in accordance with the Police and Criminal Evidence Act 1984 (PACE) codes of practice.

**Complaints by the Public**

The public are able to make complaints to the licensing department about licensed drivers and operators. This could include such issues as offensive comments by a driver, unsafe driving, failure or lateness of attending bookings and refusal to take guide dogs.

Licensing will normally ask the complainant to put their complaint in writing or by email giving details of the nature of the complaint with date, time and location if relevant.

All such complaints will be recorded and investigated and the licence holder notified. Licensing may request the licence holder to attend an interview at West Oxfordshire District Council Offices in order to determine the facts. If the licence holder is suspected of a criminal offence or an offence under Hackney Carriage law that interview may be carried out under caution in accordance with the Police and Criminal Evidence Act 1984 (PACE) codes of practice.

Some complaints such as those alleging a serious criminal offence, traffic offence, violence or verbal abuse may be referred to the Police.

**Actions that may be Taken Following Enforcement or Complaint**

When deciding what action to take the Licensing Officers will consider each case on its own merits and will consider all relevant matters including:

- Seriousness of the offence, breach or complaint
- Any history of previous offences, breaches and/or complaints
- Consequences of non-compliance
- Effectiveness of any action
- Danger to the public
- In the case of an unproven allegation the seriousness of the allegation and the likelihood and risk of danger to the public
- Immediate suspension of licence

**Review of the Licence by the Licensing Sub-Committee**

The panel will be 3 members of the Licensing Committee. The licence holder will be invited to attend the review and will be given reasonable notice. However if the licence holder does not attend without reasonable cause the panel may undertake the review in his/her absence. The licence holder may bring another person with them to the review to support or represent them or they may wish to put comments in writing for the panel to consider. After considering all the facts the panel may take any action they feel appropriate. Below is a list of possible actions.

- No action
- Oral or written warning
- Requirement to take action within a time period for example recommendation to take an anger management course, speed awareness course or driving assessment

There is no right of appeal against an immediate suspension of a vehicle licence (s68).

Annex 3

Hackney Carriage and Private Hire Drivers - Knowledge Test Guidance

All Hackney Carriage and Private Hire Driver applicants must pass a knowledge test.

The test is taken at West Oxfordshire District Council’s offices in a group sitting and you must bring your passport and Photocard Driving Licence with you for identification purposes. The passport will also be checked to ensure that you have the right to work in the UK. If you do not hold a passport you must bring additional documentation showing that you have the right to work
in the UK.

The knowledge test is broken down into the following sections:

**For Dual Drivers (Hackney Carriage and Private Hire):**

1) Highway Code  
2) Numeracy  
3) Policy Questions  
4) Routes  
5) Places of interest

**For Private Hire Drivers:**

1) Highway Code  
2) Numeracy  
3) Policy Questions

Each section has 20 questions. You must score at least 16/20 in each section and achieve a pass mark of 80% overall (e.g. Dual Drivers 80/100 and Private Hire Drivers 48/60).

Questions about the Policy will be taken from the Policy. You should make sure that you have read this document before attempting to take the test.

The questions on the Highway Code are based on the national rules for safe driving.

Questions about places of interest in West Oxfordshire District will include questions on pubs, clubs, hotels, supermarkets, public buildings, train stations, museums, schools and some of the main road names.

Questions about routes are those within the district that will require you to know the names and numbers of the main roads in the district. Questions about routes to locations outside the district will focus on major destinations such as airports, ferry ports and large sport and entertainment centres and will require knowledge of the major motorway network.

The maths questions will include simple calculations such as how much change to give a customer.

The knowledge test must be booked in advance. You will be allowed up to one and half hours to complete the test. You will be advised of your results by email within 5 days of the test date.

If you fail your test you will be allowed to retake it. You must pay for the knowledge test each time you take the test.

If the test is failed twice, you will not permitted to resit the test until a period of 6 months has lapsed.

If you pass, test papers are valid for 6 months, after which time you will need to retake the test.

**Annex 4**

**Intended Use Policy for Licensing of Hackney Carriages**
(Hackney Carriage Vehicles)

The law permits a Hackney Carriage vehicle licensed by one local authority to be used to fulfil pre-booked hiring’s on behalf of a Private Hire operator licensed by another local authority. In order to close this loophole, West Oxfordshire District Council is likely to refuse to grant a Hackney Carriage vehicle licence where the applicant for that licence intends their Hackney Carriage vehicle to be used entirely or predominately for the purpose of fulfilling pre-booked hiring’s on behalf of a Private Hire operator licensed by another local authority. (e.g. Cherwell, South Oxfordshire or Oxford City).

Intended Use Policy - The policy is for the following types of application:-
• New vehicle licence;
• Renewal of vehicle licence;
• Transfer of vehicle ownership;
• Change of vehicle;

New applicants wishing to licence a Hackney Carriage with West Oxfordshire District Council will be required to make a statement on their application form about their intended use of the vehicle, i.e., whether the applicant intends the vehicle to be used.

(i) Exclusively or predominantly to ply for hire/or take advance bookings in the West Oxfordshire (that is determined as 80% of the time; the journey may finish outside of West Oxfordshire District) – **Complies with policy**

(ii) Exclusively or predominantly (more than 20% of the time) operate taking pre-booked journeys from operators outside of the West Oxfordshire District – **fails to comply with policy, presumption of refusal**

**Renewal of a Hackney Carriage vehicle licence**

The driver or operator will need to maintain an accurate record of all uses of the vehicle when being used to fulfil pre-booked hiring’s on behalf of a Private Hire operator licensed by another local authority. The record should contain:

• Name and address of the operator on behalf of which the journey was being undertaken; pick up point and destination date and time.
• Evidence of the number of days over the previous year they have plied for hire in the West Oxfordshire District.

If the records maintained show the vehicle use fails to comply with the policy, (see (ii) above, there will be a presumption of refusal of renewal.

**Existing Licence Holders**

Where a licence has been granted under the terms that the applicant intends to ply for hire or trade to a material extent within the West Oxfordshire District but is subsequently found not to be plying for hire to a material extent in the District and/or to be trading in another authority’s area for a substantial amount of time (and it appears that the purpose of the legislation and public safety will be frustrated) will be referred to the Licensing Sub-Committee for determination.

**Exceptional Circumstances**

Each application will be decided on its merits. However, the presumptions that intended use is to ply for hire or trade to a material extent within the West Oxfordshire District will be rebuttable in exceptional circumstances. Whilst it is neither possible nor prudent to draw up a list of what might amount to exceptional circumstances, an applicant who claims that exceptional circumstances exist will be expected to be able to satisfy the Council that it would not frustrate the purposes of the legislation or compromise public safety if the licence were granted, renewed or if were not suspended or revoked as the case may be.

**Annex 5**

**Policy guidelines for signage, advertising and other markings**
on licensed vehicles

Vehicle markings which comply with the following conditions do not require approval by the Licensing Officer:

Hackney Carriages: The proprietor’s company name and/or telephone number may be displayed on a sign which measures not greater than 305mm (12 inches) by 305mm (12 inches) or 457mm (18 inches) width by 203mm (8 inches) depth. This sign must be affixed to the lower front door panels of the vehicle.

All signage, advertising and other markings which do not fall within the condition shown above must be given the Council's prior approval. Further details are as follows:
1. Third-party advertising (i.e. carrying adverts for companies other than the proprietor’s own business) on licensed Hackney Carriage (HC) and Private Hire (PH) vehicles must have the prior approval of the Council’s Licensing Sub-Committee. Applications should be made in writing including a pictorial representation of the proposals. A meeting of the Licensing Sub-Committee will then be arranged to consider the proposal. **No third-party advertising is permitted without the prior approval of the Licensing Sub-Committee.**

2. For further details about applying to the Sub-Committee for third-party advertising, please contact the Licensing Officer.

3. The Licensing Officer has the authority, on behalf of the Sub-Committee, to approve other signage and markings on vehicles, such as the name of the HACKNEY CARRIDGE / PRIVATE HIRE business, contact details, the services provided (e.g. “Airport Runs”) etc. No such signage is permitted until the Licensing Officer has seen and approved the proposals.

4. In order to make an application to have such markings on a HC or PH vehicle, proprietors should submit their proposal in writing to the Licensing Officer, including a full description of the advertising they intend to have on the vehicle and a pictorial representation such as a sketch or a photograph of similar markings.

5. The HC / PH proprietor must ensure that any proposed signage, advertisements and markings do not breach advertising standards industry guidelines.

6. Advertisements must not be of a racial, sexual, political or religious nature and must not be discriminatory or offensive.

7. Lettering or signage on the windows and windscreen of the vehicle must not obscure the driver’s view and must conform to national legislation concerning the placing of such signs on vehicle windscreen.

8. Once the Licensing Officer has given written approval, the HC / PH proprietor may proceed with the advertising as submitted in the original proposal.

9. If the Licensing Officer deems the proposed signage, markings or advertising to be inappropriate, the request will be refused.

10. HC / PH proprietors may appeal to the Licensing Sub-Committee if their proposal has been refused.
